

TAKE BASS TO THE
XMAX

THE PROFESSIONAL SERIES
COLOSSUS PRIME 18XS

The Prime 18XS has been designed for those seeking the ultimate in sub bass performance. Thanks to a massive 64mm peak to peak excursion capacity, 1200W (AES) power handling, 12mm Xmax and 4" 'sandwich' voice coil, the 18XS is capable of producing fast, accurate bass at high levels of excursion. Ideally suited to bass reflex applications the Prime 18XS combines high sensitivity with the structural integrity required to produce smooth undistorted low frequencies at extreme pressure levels. Take bass to the max with **FANE** !
